.....

GPS coordinates/AMG & datum

Do you think the plant is:

- Native
 Planted Native
 Garden Plant / Exotic
 Weed

Habit & Habitat details:

Please add as much information as possible to help us identify your plant, eg. dimensions, flower colour, fruit characteristics, bark description (especially for eucalypts); detailed habitat notes, eg. associated species, vegetation type, geology, abundance, for specimens collected in the wild (not necessary for cultivated material). Attach multiple pages if necessary. This information will be used if we keep your specimen for the herbarium collection.
