

## Biography Information

A folder containing biographies of the contributing artists is compiled each year for visitors to refer to. A biography template has been provided for you to complete. Please limit the length of your biography to under two A4 pages.

From 2017 original artworks will no longer be exhibited or sold at the Margaret Flockton Award Exhibition. If artists wish to provide an email or professional website address for direct sales enquiries (or other) from the customer, please include details in the biography and also consent to their use via the entry form.

A simple head and shoulders portrait shot is also desired to be inserted in the delineated spot on the template. Otherwise, a digital photo and your biography can be emailed as attachments to [botanical.illustration@rbgsyd.nsw.gov.au](mailto:botanical.illustration@rbgsyd.nsw.gov.au)

The provision of biographical information, contact details and photo is completely optional.

**Artist's Statement**

I have been producing both pen and ink and colour work for exhibition and public and private commissions since 1995. Although born in Sydney, I studied Visual Arts in Canberra, where I then freelanced as a natural history illustrator before finding my specialisation in botanical illustration. I regularly give workshops to botanical art groups of my local area, Bluebeach, where I pass on my love of the natural world and the beauty of recording it.
