

# Potato Tic-tac-toe

Create stamps and play a fun game of tic-tac-toe

## You'll need:

4-5 large potatoes  
small, sharp knife  
paper

pen or pencil  
small plate  
paint

## Something extra:

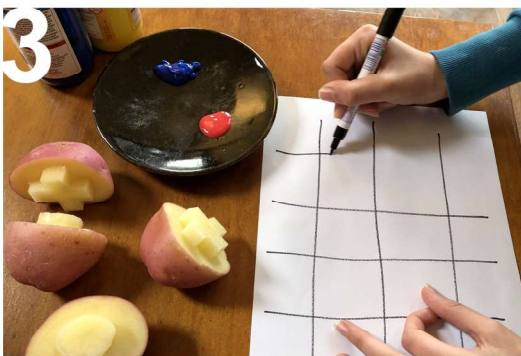

Make different shaped stamps  
and use them to make artworks  
or decorate greeting cards.

1 Cut the potatoes in half and draw noughts and crosses shapes on the flat side with a pencil or pen.

2 Following the pencil lines. Carefully cut around the shapes so they are raised on the surface of the potato.

3 Prepare your Tic-tac-toe board by drawing a grid on a large piece of paper. Put some paint onto a plate.

4 Dab the potato stamps into the paint so they are evenly covered. Start playing!

Tic-tac-toe! How many in a row?
